

Manta Ray lamphade
Specification sheet

Manta Ray

Lampshade

Manta Ray is a sculptural lampshade that will transform any room in your home and inspire your imagination. Made from powder-coated steel, the lampshade will cast light downwards, while its opal glass centre ensures a light upwards. Crafted with great attention to detail, its curved metal screen uncovers an enchanting brass pattern underneath, where the light unfolds and creates a patterned light.

The Manta Ray lampshade complements the UIMAGE Santé table lighting stand, creating a lamp perfect for the windowsill or cabinet top. Though, the flexibility of the lampshade makes it possible for you to match it with all lighting accessories from our collection.

Available in black and white. Tip: Use with the Petite Idea bulb to ensure a soft and welcoming light.

Product type: Lampshade for indoor use
