Spring

Table lamp

In a blend of precision and playfulness, UIMAGE is presenting Spring – a sculptural new series of lamps bringing softness, contrast and a breath of fresh design into the home. The collection includes a table lamp, crafted from mouthblown opal glass with refined brass details.

At once edgy and organic, Spring explores the beauty of contrasts. The asymmetrical brass top adds a bold sculptural edge, while the curved glass form introduces a softness that balances the overall silhouette. Where opposites meet, Spring finds harmony, a fresh, modern expression that feels both striking and understated.

The Spring table lamp continues the fluid design language with intuitive functionality: with no visible buttons, the light is activated by a gentle touch on the base, adding a subtle sense of interaction to the design. The table lamp features a USB-C output, allowing you to charge your phone or other devices while it's in use. Whether placed on a bedside table, desk or shelf, it casts a warm, diffused light that enhances the atmosphere.

Product type: Table lamp for indoor use

Designed by: Søren Ravn Christensen
